COMPANY PROFILE

4

Warehouses

1600+

employees

500,000

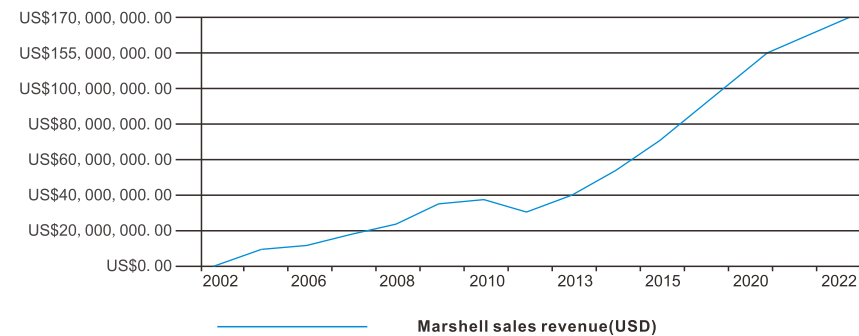

M² Workshops

Marshell is the world class leading manufacturer with a core business in developing and producing all kinds of electric vehicles and auto-electronic products since 2002.

With over the last two decades of technological accumulation and manufacturing experience, Marshell has excellent self-design and productive capacity, and owns 8 production lines that can offer more than 1,000 products in dozens of categories.

How fast we have grown up

Marshell has become one of the fastest growing enterprises in the industry in China!

COMPANY ABILITY

Automatic Production Line

Climbing Testing

Marshell has 3 production bases in Guangdong, China and Vietnam with workshops spreading over 500,000 square meters, which can produce huge variety of product ranges comparing to its competitors, such as golf carts, sightseeing buses, golf trolleys, mobility scooters, customized carts, cleaning equipment, folk-lifts and pallet stackers. Marshell has the production capacity to manufacture over 1200 units per month which will increase as we expand. All of these advantages make Marshell become one of the largest electric vehicles manufacturers in China.

GLOBAL SALES NETWORK

Marshell has built up a superior sales network system due to the three factories and 5 Chinese sales offices. The products have exported to more than 100 countries and regions, such as America, Japan, the United Kingdom, Australia, etc.

With the high product quality and complete after-sales service system, Marshell has won the high trust of customers at home and abroad, and enjoys a high reputation in the domestic and foreign markets.
